

# BRIARWOOD DAY CAMP CIT AND SUPER CIT PROGRAM

# NEW AND BETTER THAN EVER!

Designed for kids entering 8th, 9th and 10th grade

#### **FUN WITH FRIENDS!**

What's more fun than spending a carefree summer outside with your friends? Nothing! Briarwood offers boys and girls entering 8th, 9th and 10th grade a unique opportunity to be with their friends,

make new ones, learn how to be a camp counselor and have fun in the sun, all at the same time!

Our unique, age-appropriate, multi-track program allows each camper to get the most out of the summer. Here's how it works:

First and Second Year CITs (campers entering 8th grade and 9th grade) - Our CITs enjoy a mix of activities and trips while having the opportunity to work and interact with kids in younger bunks as well.

Each CIT will be assigned a younger bunk before the summer begins. Every day, the CIT will have the option of spending the morning with the younger bunk

## **WORK WITH KIDS!**

or participating in CIT activities. All CITs eat lunch together and spend their afternoon enjoying CITspecific activities.

**Super CITs (campers entering 10th grade)** - Our Super CITs are getting closer to being staff and

we give them both more freedom and more responsibility. Super CITs spend the first period of the camp day together and then spend the rest of the

morning working with younger bunks. They reunite for afternoon activities.

**Trips** - Our CITs and Super CITs enjoy great (and well-supervised) trips at Briarwood! We schedule some events as division-wide activities and others as smaller bonding trips. As our kids get older, the trips get bigger!

While our outings are always subject to change, here's an example

## GREAT TRIPS!

of our exciting summer trips:

First year CITs -Broadway show in NYC, Tyler State Park, Dorney Park, Rice's Market, Point Pleasant Beach,

Bowling and laser tag.

**Second year CITs** - Hershey Park (overnight trip), Broadway show in NYC, Tyler State Park, Dorney Park, New Hope, Point Pleasant Beach.

**Super CITs** - Busch Gardens/Williamsburg (three day, two night overnight trip), Tubing down the
